Banking Supervision Policy Working Paper Series

You are invited to submit a paper to promote policy and research on banking supervision in the SSM context.

The [Banking Supervision Policy Working Paper Series \(WPS\)](#) as part of the [SSM-EUI partnership](#), aims to promote policy discussion and research on banking supervision in the SSM context, by:

- Focusing particularly on topics such as [banking supervision](#), [prudential policies](#), and [regulation](#).
- Being open to papers with [different disciplinary approaches](#), including shorter notes.
- Allowing contributions from [ECB and NCA staff members](#) in all SSM jurisdictions, as well as [EUI researchers](#). Contributions are also welcomed from other EU and Academic Institutions.

Submissions can include papers, policy briefs or notes with topical interests. Preference will be given to papers with empirical analysis, but there is also room for theoretical papers, regulatory analysis, and case studies (always under the issue of banking supervision policy).

Examples of topics

- Banking supervision.
- Bank crisis management and deposit insurance framework.
- Digital finance.
- Climate risk management.
- European Banking Union Capital requirements.

Important dates for the first edition

Paper submissions, policy notes and briefs are accepted on a continuous basis.
